Department of Educational Technology

Wollongong, New South Wales, Australia,
24/Sep/2018

Official Acknowledgment

Dear Carol A. Munn,

We would like to thank you for having served on the Program Committee for IEEE International Conference on Teaching, Assessment and Learning for Engineering 2018.

TALE 2018 will take place in Wollongong, Australia from 4 to 7 December 2018. This year's conference theme is "Engineering Next-Generation Learning". Now in its seventh year, TALE is the IEEE Education Society's flagship Asia-Pacific (IEEE Region 10) conference series, catering to researchers and practitioners with an interest in **science, technology, engineering and mathematics (STEM) education** – with a particular emphasis on electrical and electronic engineering, telecommunications, computer engineering, computer science and allied disciplines – as well as those interested in the **innovative use of digital technologies for learning, teaching and assessment in any discipline**. The target audience of the conference is diverse and includes those working in the higher education, vocational education and training (VET), K-12, corporate, government and healthcare sectors.

The TALE 2018 Organising Committee greatly appreciates the contribution you have made toward ensuring the scholarly quality of the conference by reviewing 3 papers/proposals.

Sincerely,

Montserrat Ros, Gary Wong, Neelakantam Venkatarayalu and Henry Chan
IEEE TALE 2018 Program Chairs

Sasha Nikolic and Mark J. W. Lee
IEEE TALE 2018 General Chairs
